

**May 9, 2022**

This is a strong letter of endorsement and support for Doug Wills of Tuscarawas County. As a 19-year Licking County Commissioner and former Newark City Official, I have known Doug for a number of years both as a successful businessman and as a strong and thoughtful Republican leader. His record of accomplishment and success as the GOP Party Chairman in Tuscarawas County stands for itself. He knows how to win!

In recent years Doug's service as an elected member of the Republican State Central Committee has been remarkable. When Doug speaks others listen! Along with representing Licking County, at the State level, he has also been devoted to offering considerable guidance and leadership to our County party and its candidates for office. He has been in Licking County so often that we kiddingly have suggested dual citizenship and voting rights here!

Regardless of redistricting in Ohio and in whatever new district Doug 'hangs his hat', the GOP leadership and candidates (and citizens) there can count on the friendship and support of a 'true Republican' who 'tells it like it is' and will 'bend over backwards' to represent both the communities and the conservative principals of the GOP. Doug has my full support going forward in Republican leadership in Ohio.

Sincerely:

**Tim Bubb,  
Licking County Commissioner**
